STATINTL

MEMORANDUM FOR: Chief, Finance Division

SUBJECT : Settlement of 

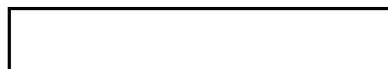

1. As you know, in August 1955, at the instigation of Finance Division, the responsible components of the Agency began a campaign to dispose of the sizable backlog of cases of  the Agency from former Agency personnel. Considerable progress has been made and over  cases have now been disposed of by any of several actions, and we are down to what is probably the normal, going load, something like 20-25 cases.

2. I have participated in this effort since the very beginning. I think it is fair to say that the burden of the ~~day-by-day~~, tedious, ~~legwork~~ has been carried in the main, first by  and more recently, by  of Finance. They have been both efficient and thorough in digging up documents and files, analyzing accounts and coordinating actions throughout the Agency. The substantial completion of this job has been due in no small part to the efforts of these two.
